STUBBS "CALLS" THE RAILROADS

Kansas Governor, Railroad Contractor, Says They are Overvalued.

Chicago, Ill., Oct. 28.—Governor W. B. Stubbs, of Kansas, on the witness stand before the interstate commerce commission rate hearing, declared today that he could reproduce at a substantial profit to himself as a railroad contractor, all the main lines of railroad in Kansas at \$23,000 a mile, and for \$15,000 a mile he would reproduce the branch lines in the state. The railroad reproduction figures are many times larger than this.

Governor Stubbs declared that he viewed the railroad situation liberally but protested vigorously against stock manipulation and excessive valuation of properties.

"Make every dollar of capitalization represent a dollar invested in the road and the people will fall over themselves to buy railroad stock bonds," he said.

He is a former railroad contractor.
